# NEW BRUNSWICK HIGH SCHOOL

## New Brunswick, New Jersey

Yesterday is already a dream,
and tomorrow is only a vision;
But today, well lived,
makes every yesterday
a dream of happiness
and every tomorrow
a vision of hope.

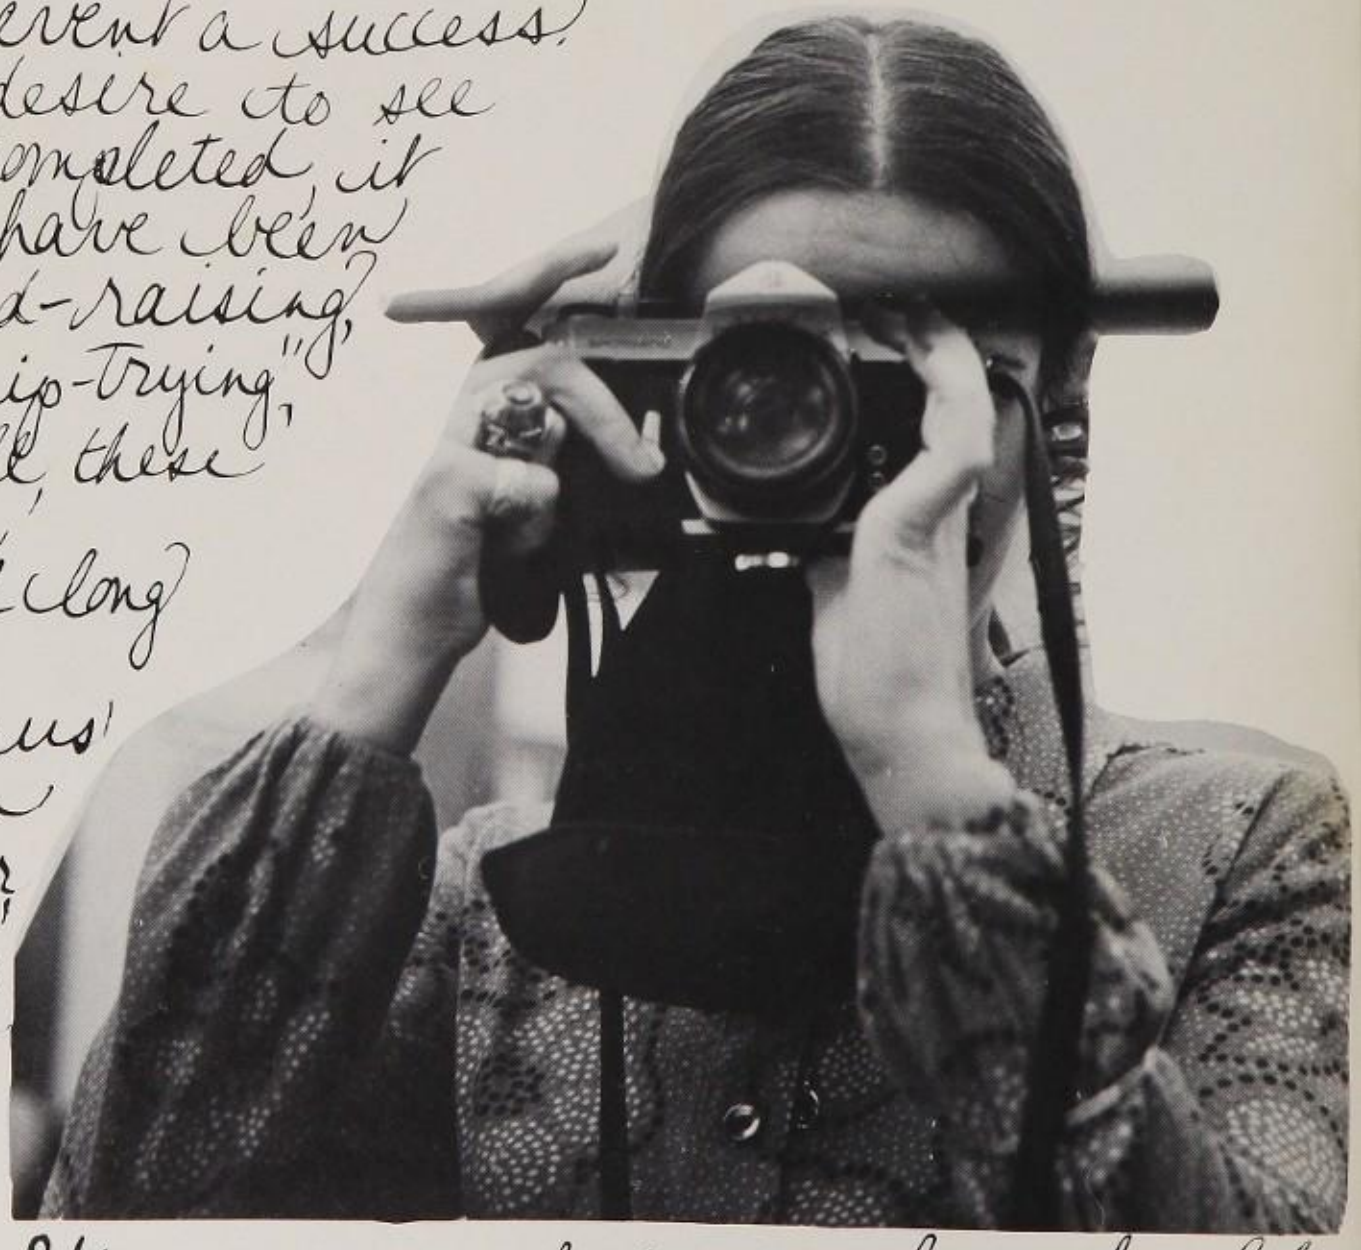
MISS MARY EGAN
SENIOR CLASS ADVISOR

# Dedication

We, the Class of 1974, dedicate our yearbook to you, Miss Egan, to thank you for all the time and effort that you have devoted to us!

Beginning with the Junior Talent Show to Caps and Gowns, you have spent endless hours working with us to make each event a success. Without your desire to see the yearbook completed, it never would have been published. Fund-raising, Disneyworld "Trip-Trying", the Prom, Farewell, these and many other memories will long be remembered.

To many of us, you have been guidance counselor, teacher and most of all, friend. Without you, our senior year just wouldn't have been the same. You are what people should be, and NBHS needs more people like you!



# Thank You!

We are a very fortunate class, in that we have many people who have worked with us and for us. We wish them all much happiness.

Miss Peggy Vida

Senior class advisor

Your time with us, though short, has been very meaningful. Along with Miss Egan you have guided our class on trips, Disney world, projects, and activities even when the going got rough. You made our senior year just a little bit nicer and a lot more memorable. Without your help and energy, things would never have gotten off the ground. We can't imagine the year without you. Thanks fo being there when we needed YOU!

You have been behind so many activities in our behalf, and we take this opportunity to bring you forward. For three years, Donnie, you've devoted so much of your own time unselfishly to us. We the class of 1974 feel you are a very, very SPECIAL person!

Mr. Donald Bowling
Community Relations Officer

Mr. Donald Banchik

principal

No one can argue that NBHS hasn't gone through a change since you've arrived, and not many will say it hasn't been for the best. You entered a difficult position at a difficult time, and you added something the school badly needed: trust in the student body. Some will remember NBHS more fondly than others, but we all share a common experience, we learned and grew, and you were an important part of it. Respect is something you have earned from us. As we think back on these years, you will be remembered.

You're an old friend, Mrs. Bornheimer. You have stood behind us and worked with us since our sophmore year. It has been a long road, that you have made a lot easier to follow. Without your OKAY, things just wouldn't happen. Take care and never forget us, for we will always remember you.

# GIBBONS IN THE MAKING

## GIBBONS ALTERNATIVE SCHOOL

Gibbons School was designed to provide an informal learning environment where students with the inherent ability to succeed will have the opportunity to study and learn at their own pace, in their own way.

The term alternative is often defined as another way of doing. That is what Gibbon's is made of: New experience, personal goals, and outside resources with a propelling force of action coming from within. Motivation is our motto. We deal with life on a day to day basis. Society is in our classroom. We have the freedom to incorporate our learning experience into personal and social domains, without being fixed into solely academic pursuits.We abide by the rules of common sense. Flexability and innovation play an important role in our normal school day. As students we accept the responsibility of shaping our learning environment.

We, the seniors, reflect on the past year. Gibbons Alternative School is not only the name of a normal high school, but the feeling of mixed emotions within our hearts. This school not only taught us lessons, but also to love one another, and to deal with each other on a one to one basis. Within this year we discovered the real meaning of unity. Togetherness is what we're all about. Although we already know that tears and sorrow could never replace the love and devotion which we had here at Gibbons, The memory of Gibbons will remain with us forever. Gibbons has truly been a meaningful experience. The senior class would like to dedicate our future to the staff at Gibbons School. Thanks for everything.

We the underclassmen of Gibbons Alternative present our first Senior Class of 1974:

# PRINCIPAL'S MESSAGE

To the graduating class of 1974, I extend my congratulations, and best wishes for success and happiness.

I hope your high school experience has given you more than just a good education, but a better understanding of your fellow man, and the beauty of life as well. I am very proud to have been a part of your high school experience. In many ways you have given me far more than I have given you. Now it is your turn to give society a better hope for the future because of the part you will play in it. I know you will do your "thing" well, and ultimately help make our world a better place to live in.

Although you are leaving NBHS, I hope you will return whenever you can to let me know how you are doing or just to say hello. If I can ever be of any help to you in anyway, just let me know. I'll miss you all, and think of you often.

Good luck, and God's speed to you all.

Louis Lanchik

Dear Mac,

What can we say to you? In our own stupid way we love you dearly. You have given us so much that we will never be able to repay you.

We will always remember you and your "damnable knee", "Aunt Fannie", and your cases of "leprosy" and "elephantitis".

You've got a lotta stuff, Mac. You've given us a lot of great times and memories. Thank you for not letting even an energy crisis stop you.

**JOCELYN FLAGG**—Congratulations to you for a great three years at N.B.H.S. Career total 1032 points—good luck on the basketball court at college.

**CAROL HAMILTON**—was selected by audition to participate in the 1973 ALL STATE CHORUS of New Jersey—one of the highest musical honors a student in vocal music can attain in the state. Her selection of this peer group based upon very high standards of musical accomplishment, required a fine voice, possessing a beautiful tone quality, excellent intonation and musicianship. Sight-reading was also essential to acceptance in this outstanding organization. We take great pride in Carol Hamilton's achievement.

**MARY ELLEN HARRIS**—Congratulations to Mel who is the recipient of the 1974 DAR award. Mel is an industrious worker and a dedicated member of her class and they wish her well upon receiving this award.

**MERYL HAUPTMAN**—Meryl Hauptman has been named N.B.H.S. 1973-74 Betty Crocker Family Leader of Tomorrow. Meryl won the honor of competing with other seniors in the written knowledge and aptitude examination on Dec. 4, 1973. She received a specially designed award from General Mills, Inc. sponsor of the annual educational scholarship program, and is now eligible for state and national honors.

**GUS SFANTOS**—The N.B. soccer team posted a 3-11 season this year. However, gray skys don't necessarily mean there are no stars as was proven by Gus Sfatos N.B.'s inside left. Gus's skills, techniques, team effort and overall total committment to the sport of soccer won him honors on the All-County and All-State teams this season, no easy task to be sure. There exists no recipe or prescription for greatness. Each individual has attributes common to himself alone. In recalling Gus's season it may be said that desire was his greatest attribute giving 100% plus effort. Congratulations to a fine person and talented athlete.

**BENNY YOUNG**—District 19, 148 lbs. Wrestling Champion. A great award for a great competitor.

"Let me give you a word of the philosophy of reform. The whole history of the progress of human liberty shows that all concessions yet made to her august claims, have been born of earnest struggle. The conflict has been exciting, agitating, all-absorbing, and for the time being, putting all other tumults to silence. It must do this or it does nothing. If there is no struggle there is no progress. Those who profess to favor freedom and yet deprecate agitation, are men who want crops without plowing up the ground, they want rain without thunder and lightning. They want the ocean without the awful roar of its many waters."

"This struggle may be a moral one, or it may be a physical one, and it may be both moral and physical, but it must be a struggle. Power concedes nothing without a demand. It never did and it never will. Find out just what any people will quietly submit to and you have found out the exact measure of injustice and wrong which will be imposed upon them, and these will continue till they are resisted with either words or blows, or with both. The limits of tyrants are prescribed by the endurance of those whom they oppress . . ."

Frederick Douglass (1817-1895)
West India Emancipation Speech
given in August, 1857
